Instructions on Afternoon EGD Preparation:

Central Louisiana Surgical Hospital will be calling you the day before your procedure to be giving you your arrival time. Please fill out the forms and bring them with you the day of your procedure.

Your procedure is on_____.

You may have coffee, juice, or water until 9 a.m. the morning of your procedure. DO NOT HAVE ANY SOLID FOODS THE DAY OF YOUR PROCEDURE. If you take Aspirin, Plavix, or Coumadin, you need to stop taking this medication 3 days before your procedure. Diabetics should NOT take their diabetes medication or insulin prior to the procedure. All other medications can be taken the morning of the procedure.

If you have any questions, please call Tabbie at 318-448-5310.
